

3d Consent for photos

During your child's time at Pippins we would like to take photographs:

- For our display boards for children and parents to see
- To record your child at play with an accompanying observation, e.g., for Tapestry
- To record your child at play for your child's leaving memory book
- To display on our website and social media pages in order to publicise Pippins, both within our parent community and our wider community. We will never identify your child by name online.

All photos are checked and approved by senior Pippins staff before being shared on Tapestry, our website or social media. Staff will check that photos are appropriate and show your child and Pippins at their best.

The General Data Protection Regulation and Data Protection Act 2018 require that we have your consent to take photographs for these reasons.

We will always request ADDITIONAL authorisation from you to use any photograph or video of your child for external publications, both print and online media, that we aren't involved in producing (e.g., Cambridge Evening News, Cambridge Independent, Sawston Scene, County Council magazine) or television (e.g., local BBC).
